OFFICE FOUND

NOTICE TO PRODUCE SECURITIES

Dear All, in their personal and unlimited capacities

Firstly thank you kindly for the parcel sent to our Estate's post office mailbox which we received on 5 October 2023. It would appear that you are still refusing to provide what you are required by law to provide and it is now past the point of being able to use excuse of plausible deniability given you are denying the very basic level service that you are required to provide, such as providing a certified result of search (including when no result is found) but instead you issue refunds and opt for committing securities fraud.

We have received a half dozen falsified securities in last 4 months, had service refused by the registrar and custodian of the securities, and had our own securities and draft instruments bearing our private seal defaced by Alison Jackson.

We, the undersigned, have full capacity to contract and start civil litigation against any of all of you and are familiar with the Reasonable man doctrine, Four corners of the contract doctrine, and Doctrine of last antecedent.

We also have extensive knowledge of Trusts, Estates, Successions and Genealogies and the knowledge of Cestui Que Trust, annuites, Endowment policies, assurances, Berthing, Securities, financial instruments, the lot. Trust me.

Firstly, what I require from you is to provide me with the source document which resulted in the Marriage Certificate being registered with your Pseudoregistry, stating **Civil Rites** when all other documents and guides say it is to be according to Marriage Act 1961.

Form 15 is only used for Overseas marriages, in relation to Queens Dominoins so ALL Marriages are classified as Overseas.

- Who are all the parties to the marriage?
- Why do you not have official Certificate of Marriage?
- Why do you refuse to provide a Single Status Certificate?
- Why do you refuse to provide search of marriage result?

I require new Ceritifcate of Marriage issued wih amendment to annotate in the Margin that it is not a Civil Rites marriage, but according to '**Common law**' as that's what we believed it was.

Secondly, the Birth Certificates for our sons, they are to be amended to remove the word CHILD and replace it with Issue & to remove the gender from the certificate because those are relating to the deceased afterbirth which was disposed of by the Funeral Director after the Hospital submitted their Notice of Death at 2AM overnight after the birth.

You will Register a new record in the index of re-entry to Births with the proper grammatical format without boxes on security paper and all versions of commemorative paper.

I will thank you kindly and pay you via a Money Order a sum certain of One Dollar as per Bills of Exchange Acts. Please note I am registered with AUSTRAC as is Department of ATTORNEY-GENERAL therefore let there be no confusion about what is considered money and payment and settling of a charge.

Notice of Pending Civil and Criminal Litigation

You, all of you, have now caused serious harm to our household, our sons and our elders and have acted outside your authority, committing crimes punishable by the full force of the law.

Provide in the category of False Certificate as detailed in the Crimes Act 1914 §87, see paragraph below. Was it your intention to cause harm by issuing a second false certificate for which full payment was received by you? Please note there is no statute of limitations for a crime to be punishable by law.
